## OW Armed Forces Dinner

16 January 2016

Warwick School is very proud of the many Old Warwickians who are serving or who have served in the Armed Forces. Some 38 OWs are currently serving in the Forces, spread across a wide range of services and regiments in the UK and overseas, including the Royal Fleet Auxiliary, Royal Navy, Royal Marines, Royal Army Medical Corps, Royal Regiment of Artillery, Army Air Corps, Royal Signals, Royal Electrical and Mechanical Engineers and the Royal Air Force.

Col Jules Buczacki (WS 1981-92) was delighted to host the fifth OW Armed Forces Dinner at School on 16 January. He was joined by Head Master Gus Lock and many OWs currently and formerly serving. The evening began with a Chapel Service, led by Revd Andrew Gough. Drinks and a four course dinner were enjoyed in the Pyne Room (formerly Big School or the library for many). During the speeches, absent OWs and former members of the CCF staff were fondly remembered, including Contingent Commander Lt Col Derek Shield, who recently retired, and Humphrey Collis, who died in November.

## Big Hand – OW and OG Drama Society

**4 March 2016**

**Big Hand, the new OW and OG Drama Society, was launched by Warwick and King's High Drama departments in the Bridge House Theatre on 4 March.**

The Society is especially for those who have either completed AS or A Level Drama or been part of any of the many productions completed over the years. We are keen to build a membership who will gather from time to time, with the opportunity to attend shows in the Bridge House Theatre, enjoy some informal networking and share and develop new creative projects.

The launch took place before and after a performance of *Gargantua* – our 2016 entry for the National Theatre Connections 500 Festival. *Gargantua* told the hugely comic story of a 200ft baby and the damage caused as he is both admired by fanatics but hunted by the military seeking the ultimate weapon.

Any OWs who would like to be a part of or kept informed about Big Hand should email Mike Perry on [m.perry@warwickschool.org](mailto:m.perry@warwickschool.org).

## Warwick School for your event

Warwick School has invested significantly in new facilities, making it a fantastic and very versatile venue for events, meetings, exhibitions, conferences, weddings and dinners. Old Warwickians are warmly invited to use the School for family, leisure and/or business events.

Our new website, [www.wsvenuesandevents.org](http://www.wsvenuesandevents.org) highlights many opportunities to use the different venues and spaces when they are not being used by School.

Please contact Richard Howdle, our Commercial Events Manager on 01926 735410, [r.howdle@warwickschool.org](mailto:r.howdle@warwickschool.org), if you would like more information, need help in organising an event, or have any contacts who may be interested in using Warwick School as a venue for an event.

# School News

**Warwick School continually offers boys a colourful, challenging and varied school life, helping them reach their full potential.**

From swimming to fencing, and hockey to rugby, students continue to enjoy great sporting achievements and success.

Art, Drama and Music also continue to flourish and we look forward to many of our bands playing in the National Concert Band Festival Finals over the Easter holidays. The Lent term was crowned with 'A Night at the Opera' gala concert at Warwick Arts Centre – a fantastic evening of musical delights, showcasing the talents of pupils from Warwick, King's High and Warwick Prep.

We approach the summer term with exams on the horizon. Intense competition hasn't stopped many U6 boys from receiving a sweep of offers from good universities, including eight boys who have offers from Oxford and Cambridge.

## The West Window

Warwick School's World War I memorial was dedicated on Armistice Day, 11 November, 1925. The memorial is in two parts – firstly the gallery and vestry (with the names of the 90 OWs and masters who gave their lives in the war), and secondly, the west window. The west window was the gift of Headmaster H S Pyne and his wife, in memory of their son, OW Eric Wilfred Pyne, who was killed in the war in 1917 when his boat was torpedoed off the coast of Italy.

Francis Howard Spear (1902 – 79) became an important designer of stained glass windows, and the west window of Warwick School chapel is his first major work. It is, in fact, his Associateship Diploma piece from the Royal School of Art in Kensington, designed when he was an unknown 22 year old.

The School is immensely fortunate to have been gifted Spear's original watercolour designs by his son Simon. The designs will be hung in the staircase leading up to the balcony.

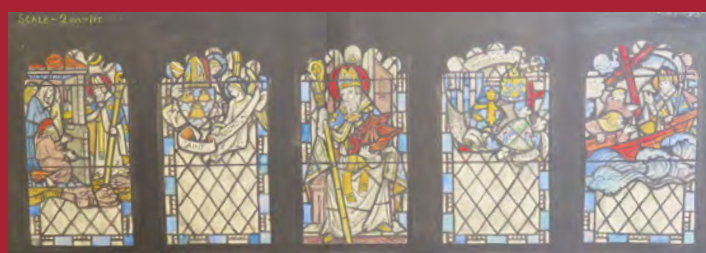

School Archivist Gervald Frykman gave an illustrated talk on the windows in Chapel in January. Spear's two sons, Simon and John, made the journey to hear the talk and were delighted to see their father's earliest major work for the first time.

## Rugby news

The week beginning 8 February witnessed three tense and closely contested matches, resulting in Warwick School's U15 and U18 teams going through to the NatWest Cup semi-finals, and the U13 team going through to the finals of the School Sports Magazine national cup.

### The NatWest Cup

Warwick School has an outstanding record in the NatWest Cup. The U15 team has appeared at the Twickenham finals for the last three consecutive years, winning the title in 2013 and 2014. The U18 team reached the finals in 2014, finishing runners up.

The U18 team played this year's semi-final vs. QEGS Wakefield on 27 February but sadly their tournament journey ended with a 21-12 loss.

It was a terrific achievement for the U15 team to reach the semi-final stages again. Sadly, old rivals Wellington College overcame them 7-3 in a hard fought and exciting tussle.

*The U15 celebrate after their quarter-final win.*

*U18 quarter-final, Will Roberts and Jordan Ainslie.*

### National Schools U13 Rugby Union Cup

The U13 team played in this year's final vs. Trinity School Croydon on 2 March. As 2015 champions they had hoped to retain their title, but narrowly lost 15-12 after a terrific comeback from Trinity.

## The Warwick Hall

The project to replace the Guy Nelson Hall is going well; imposing glass panels have now been installed and work has begun on the interior of the new Warwick Hall. The final stages of construction will involve the installation of acoustic panels and retractable seating, making Warwick Hall one of the finest concert halls in the region.

Warwick School pupils have been creating a digital time capsule which will be placed in the new hall, to be opened by pupils in 2116, giving a snapshot of life in 2016.

We are grateful to many OWs, parents and friends for generously supporting the Warwick Hall campaign. The first stone on the Warwick Walkway has been created in recognition of OW presenter and magician Ben Hanlin (WS 1999-2004), who has supported the campaign in many ways, especially by helping to create the campaign publicity.

The Warwick Hall will be completed this summer and we plan an official opening in the new academic year. The finished building will sit strikingly alongside the main school and will play a central role in school life for many years to come.

Future OW events and reunions will give OWs the opportunity to enjoy this amazing venue.

*View from the Thornton attic.*

## Warwick School Connect

Watch out for Warwick School Connect, a new online professional network exclusively for Old Warwickians. By signing in through LinkedIn or Facebook, OWs will be able to connect, support and network professionally. The network will go live this summer and all OWs will be invited to connect.

## In memory of Grahame Ward, WS Staff 1980-2008

Kritt Normsaskul (WS 2000-07) took part in the London 10k Winter Run in January to raise money for Cancer Research and in memory of Grahame Ward.

*Kritt says "For 29 years, Grahame was a hugely popular art teacher and senior boarding housemaster at Warwick who inspired, and cared most greatly, for the many who were lucky to be taken under his wings. He was a talented artist who drew, painted and inspired us to fulfil our potential, and who showed us that hard work really does pay off.*

*In the Boarding House, Grahame was a father figure to generations of boarders who came from all corners of the world to study at Warwick. In the seven years I boarded, his warm and welcoming personality made the boarding house a home away from home. He was there to talk to when things got tough. He was supportive and encouraging of my ambitions. His sense of fun, humour and tireless work around the boarding house, even beyond school hours, was an inspiration to us all.*

*I will never forget those happy moments when we performed a comedy sketch on stage in front of hundreds of boys and teachers at the annual boarding house entertainments evening. Or when he hid my shoes from me as I got ready to leave the exam room following an A Level exam paper.*

*After leaving Warwick, I still carry with me, and hold dearly, the values Grahame has taught me. Without Grahame, I would not have achieved what I have gone on to achieve. I would not be the person I am today."*

Congratulations to Kritt for both completing the run and raising £210. Kritt is pictured with good friend and fellow OW James Mower, who braved the cold and lent his support on the day. If you would like to contribute to Kritt's fundraising, there is still time. [www.justgiving.com/Kritt-Normsaskul-1028962](http://www.justgiving.com/Kritt-Normsaskul-1028962).

Angus is working at Cambridge Design Partnership, an engineering consultancy which specialises in medical devices and consumer products. ## Poems recorded

Anthony Josolyne (WS 1947-53), was thrilled to record fifty of his varied poems, kindly arranged by his son and daughter-in-law to mark his eightieth birthday.

In the period of his life spent as a lecturer, Tony discovered that pages of well-written, Electronics homework were not necessarily accurate, nor even relevant to the set topic...

James TW (WS 2005-15) has signed to Island Records and released his debut single and video 'When You Love Someone'.

James opened for Shawn Mendes at his sold-out headlining concert at the legendary Radio City Music Hall in New York City on 5 March.

In addition to his original song 'Black and Blue', James rose to prominence when his cover of Natalie Imbruglia's 'Torn' dominated the Spotify Global Viral chart, reaching Top 10 with over one million streams. [www.jamestw.com](http://www.jamestw.com)

In February James returned to school and recorded some of our Lower Fourths singing a couple of lines from his new song, for his EP.

Director of Music at Warwick, Simon Hogg (right), and his wife Sue, recently met up with James in LA.

## Rugby refereeing

John Meredith (WS 1989-2000) is a rugby referee within the Professional Games Match Officials Team and regularly referees in the Greene King IPA Championship as well as being assistant referee and reserve referee at Aviva Premiership matches. One of John's highlights was being appointed as reserve official at the World Cup match last October at St James' Park in the pool match between South Africa and Scotland.

John was also 5th official (reserve touch judge) at Twickenham on 27 February at the England vs. Ireland international.

Alexandre Ruiz (France), Nigel Owens (Wales), Romain Poite (France) and John Meredith (England) after England vs. Ireland at Twickenham on 27 February.

John had to give up rugby while at Durham University due to a neck injury. Sponsored by The Durham Society of referees, he took up refereeing to keep his involvement with the game. His refereeing has taken him all around the world, to Italy, Japan, Russia (where he refereed the Russian Premiership Final in Siberia), South Africa and France, where he has been assistant referee in the 2016 U20 Six Nations.

Gervald is gradually transforming the Museum and Thornton attic as he sorts and catalogues the amazing range of archives the School has gathered over the years.

Many archive photographs have now been scanned and we include here a range of images from different decades that are now stored digitally. If you have any photos from your days at Warwick School,

formal or informal, that we could add to the archives, please email them to: [alumni@warwickschool.org](mailto:alumni@warwickschool.org) or post them to Gervald Frykman, Warwick School, Warwick CV34 6PP. If posted, we will scan and send them back by return (don't forget to include a return address!). Similarly, if you have any items you would consider donating to the archives, please let us know.
